SUMMARY:

Enthusiastic Developer with a solid foundation in programming languages with keen aptitude and creative thinking for problem solving. Proven ability to adapt quickly to a new technologies and frameworks. Seeking opportunities to leverage my skills and passion for coding to drive Innovation and achieve project success.

EDUCATION :

- **B.E. Eectronics and Communication Engineering,(8.2/10)**
  RP Sarathy Institute of Technology.
  2021-2025

- **Higher Secondary – 12th , (91%)**
  Sri Vijay Vidyalaya Matric Hr. School
  2020-2021

- **Secondary School - 10th , (93%)**
  Sri Vijay Vidyalaya Matric Hr. School
  2018-2019

PROGRAMMING SKILLS :

- **HTML$_5$, CSS**
- **JavaScript Essentials**
- Git/GitHub
- **Digital Marketing** & **Blogging** websites
- Microsoft **Excel.**
- Deep Learning, BoT Handling, **Iot** circuit Design
- **UI/UX** Designs.
- Basic Knowledge in **SQL**.
- **Python** Programming
- **C,C++** and Data structures
- Basics in Core **Java**
- Artificial intelligence & Machine Learning

STRENGTH

- Effective **Communication**
- **Good Team Worker**
- Ready to enhance Leadership
- Creative Thinker & Problem Solving Skills
- Flexible & easily adaptive
- Quick **Analyzer**.
- Time Management & punctual

PROJECTS:

- **Electronics**-An IOT based **Bidirectional Visitor Counter** System with Automatic Gate Control by maintaining Power Supply Using Arduino software and IR Sensors.
- **Digitalmarketing :** Built an **Online magazine Blogging website** using Search Engine optimisation.
- Built an product-view **website** using **Html**,Css and JavaScript.
- Developed an Bot in Arduino based Bluetooth control robot system using different sensors.

PARTICIPATIONS & CERTIFICATIONS:

- Completed a **6 days Training Program** and attended a **workshops** on **Deep Learning, NLP and Bot making** with course completion Certifications at **Nuebaltics Edith Solutions.**
- Participated and Successfully completed an **24 hours Hackathon** organised by the **Nuebaltics Edtech Solutions** and developed **BOT application** also made solutions for different problems on **Deep Learning,NLP and Bot making.**
- I done an **5 days Internship** program with certificate on the **Fundamentals of Python Programming language** at **Imagecon Academy** .
- Completed **3 months training program** with course completion **certificate** on **programming in C and C++** at **TCDA academy.**
- Completed an I**nternship** on **Basics of IoT** at **Odugaa tech**.
- Done an **one month** course in **Back-end Developer** includes Nodejs with JavaScript Essential and have an certification on completion of course and did an relevant project organised by PWskills-**physics wallah**.
- Attended an **workshop** in **Robotics** and **Deep learning** also gained an practical knowledge of **building electronic robots.**
- Also achieved **first** place in **ball badmitton** conducted in my college during **sports day**.

HOBBIES & INTEREST

- Playing musical instruments
- Making arts and Craftworks
- Playing chess and Ball Badminton
- Interested in Photography & Designing.
